ELECTION NEXT TUESDAY CALLED OFF

GOVERNOR SAYS LAW NOT BEEN COMPLIED WITH

Points Out that Measures Should Have Been Published in Newspapers

INITIATED MEASURE UP

Campbell Russell's Bill Legalizing Legislature Meeting Stopped

OKLAHOMA CITY, Sept. 30.—A proclamation indefinitely postponing the special election set for October 2 in which would have been voted upon an initiative bill empowering the state legislature to convene to investigate official acts of the executive was issued shortly after midnight by Governor J. C. Walton.

The Governor recited in the proclamation that court proceedings involving his authority originally to call the election has prevented the Secretary of State from complying with the law which prescribed that questions at issue should be published in each county at least five days before the election.

The short time remaining before the day set for the election makes it impossible to adhere to the law, Governor Walton declared. He added that because of the importance of the constitutional amendments at issue it is essential that the "great body of electors should be informed through proper channels."

The governor ordered his proclamation enforced by civil and election officials in the state but did not invoke the aid of martial law for the enforcement.

ROFF OFFICIALS HELD BY ACTION OF GRAND JURY

Accusations Returned Against Bob Bell and Members Of Trustee Board

GRIND ENDS SATURDAY

Twenty-Six True Bills Result From Probe of Affairs In County

Ending their eighteen-day investigation of affairs in Pontotoc county, the Pontotoc grand jury struck a swift blow at reported law violations in the county by returning 26 true bills with two accusations against officers at Roff when the body made a final report late Saturday afternoon.

In a period of secret investigation hampered four times by illness of jurors, death in the family of a juror and water-bound weather conditions, the jury struggled against the outside forces to bring in the report of their findings Saturday.

The accusations filed against Town Marshall Bob Bell and members of the town board of trustees at Roff on charges of oppression in office were the nucleus of investigation, the number of witnesses from Roff and the immediate vicinity indicated.

The report of the jury further indicated that 7 felony indictments and 19 misdemeanor charges had been set out as the findings of the body. The indictments for murder against Mack Lee and Banks Robertson on separate charges were included in the list of felony indictments. The misdemeanor charges covered a wide field of alleged law violation that will come before the jurisdiction of County Judge Tal Crawford.

The names of parties involved in the indictments tendered by the grand jury will be published at a later date, arrests have not been made in any of the indictments tendered by the grand jury.

County Attorney J. W. Dean, who assisted in the probe, stated that every effort was made to cover the allegations brought out in the charge to the jury and conditions in general had been investigated over the county.

The report of the jury indicated that 197 witnesses had been subpoenaed and had testified before the jury since it swung into session September 12.

East Central Passes Thousand Mark In Enrolment Statistics

Enrollment at the college has at last reached the anticipated mark of 1000, the first time in the history of the school in which that total has been reached during any term outside of the summer sessions.

So far as is known this is the largest enrollment of the six state teacher colleges. Edmond reported Thursday a total number of students at 1002, while the exact number enrolled here stands now at 1004. The college at Durant comes next with over 900 students and the other three teacher training institutions are trailing with smaller student bodies.

This number is in keeping with the rapid growth of the school and has been expected for the past two weeks by the college authorities.

Even more pleasing to the administration, according to President Linscheid, is the excellence of the work being done with the handicapped of insufficient room and equipment. The school work now being done the president says, is the best that could possibly be asked of a student body of the size of that now being accommodated in two buildings.

A number of features are being added to the work of the year. Among these is a reorganization of the chemistry department under John Davis, who came to East Central from Texas. His department has been thoroughly renovated and is now in condition to welcome the most rigid inspection.

Foreign Languages Important. An unexpected interest in foreign languages, especially Spanish, has been shown by those taking work here now. The classes in Spanish have attracted a larger number of students than ever before, with much interest being taken in other languages.

The high standard of efficiency of the music department has been maintained by the addition to the faculty of Miss Lillian Stripe, who assumed her duties as instructor last Tuesday. Miss Stripe is a graduate of Bethany College and is one of the concert soloists with the Messiah Chorus that toured the country. A number of advanced pupils have taken work with Miss Stripe.

A new feature in the relations of teacher to student has been added at East Central. All the students have been divided into groups of thirty each, regardless of classification. A member of the faculty has been assigned to each of these groups and will serve them as advisor and counselor.

In this way it is believed that a lower percentage of failures will be registered, for one duty of the group sponsors will be to assist and check upon the progress and standing of those in their charge.

New Class Organizations. Class organizations were recently formed and programs for the coming year planned. Officers were elected and sponsors and advisors selected. The officers of the various classes are as follows:

Senior college class: president Gilman Mackin; vice-president, B. W. Weems; secretary-treasurer, Zuleka Burkhardt; Pesaki representative, Lee Low; advisor, R. S. Newcomb, and sponsor, Miss Keller. Junior college: president, Dewey Hodges; vice-president, Adele Webb; secretary, Mae Burdick; sponsor, Miss Margery Ballard.

Barrage of Legal Battle Fails Aid Election on Amendment

WALTON DEFENDS POWER TO HALT ELECTION VOTE

Governor Declares Election on Initiative Bill Would Be Illegal

CERTAIN IN STAND

Bonus Amendment and Others To Be Voted On As Scheduled

(By the Associated Press)

OKLAHOMA CITY, Sept. 29.—The special state election called for October 2 at which it is possible an initiative bill permitting the state legislature to convene and investigate state officials may be voted upon will be illegal, Governor J. C. Walton declared here tonight.

The governor would not say whether he intends to prevent the election and declined to discuss his position in the court fight of his council to keep the initiative proposal off the ballot.

"I have the power to revoke the special election," was the governor's only assurance.

The state supreme court ruled Thursday that the election would be legal.

Governor Walton said he could think of many reasons to substantiate his claim, chief of which is the failure of the state election board to follow the law compelling publication of election issues five days prior to the date for the election.

Vote on Other Amendments. A \$55,000,000 soldier bonus and four other constitutional amendments are to be voted upon.

A fight over the question of whether the initiative bill which primarily is intended to empower the legislature to investigate impeachment charges against the governor, will go on the ballot is in progress in district court here tonight.

With the election scheduled to be held next Tuesday, state election board officials could not be reached for a statement. It is not known whether they have complied with the law which the executive cited.

It is pointed out, however, that the state supreme court recently held that publication of such notice is not mandatory.

The governor stated that another section of the state probably will be placed under absolute martial law soon; that he would not say what part nor when the decree would become effective.

The governor was less communicative tonight than at any time since he began receiving newspaper correspondents at the executive mansion. He explained that too many "impertinent" questions had been asked him.

BALLARD FUNERAL IS HELD; KEEP SUSPECTS

MOUNT PLEASANT, Tex., Sept. 29.—The funeral of Otis Ballard, 19, found murdered in Cypress creek six miles from here yesterday will be held today. A reward of \$500 had been offered by citizens here for the finding of Ballard who had been missing since Monday night.

The body was nude and weighted down in the creek. A sack was wrapped around the head, which had been badly beaten.

A negro and two white boys suspected of implication in the murder were removed from jail here to Mount Vernon Thursday night. Last night officers spirited them in a bank robbery case in Titus and Upsher counties.

Clean Gray, under indictment for bank robbery, was spirited away from here last night to Bowie county jail at New Boston following the discovery of Ballard's body.

Flood Waters Recede. WICHITA, Kan., Sept. 29.—With flood waters of the Little Arkansas river steadily receding in Wichita and the vicinity. Families which moved to higher ground were returning to their homes today.

When Robert Browning was in his seventieth year, Oxford and Cambridge presented him with an honorary degree.

Back to Base

OKLAHOMA CITY, Sept. 29.—Legal proceedings instituted by Campbell Russell to force on the ballot at a special state election October 2, an initiative measure authorizing the state legislature to convene by a majority call to investigate the official acts of Governor J. C. Walton were withdrawn tonight in district court here by agreement of council.

At the same time attorneys for the executive also withdrew their application which resulted today in the issuance of a temporary injunction restraining the state election board from entering the proposal on the ballot.

This action leaves the case in the same state it held when secretary of state Sneed held the petition for the referendum legal.

Russell filed the application late today shortly before council for Governor Walton were granted a temporary injunction in another division of the court preventing the proposal from being placed before the voters.

Hearing on the mandamus action began immediately.

While no legal opinion could be obtained on the case, observers considered it certain that if the writ of mandamus is issued this automatically will supersede the injunction which Governor Walton obtained on the ground that some of the signatures on the petition for the referendum are forgeries.

Hearing on the petition to make the injunction order permanent is set for next Monday.

Matter Left Open. Earlier in the day the state supreme court had opened the way for a vote on the initiative proposal when it denied both Russell's application for mandamus and the governor's request for a rehearing of his appeal from the ruling of the secretary of state holding the petition legal.

This section, however, did not provide specifically that the question could be submitted. It simply eliminated all legal obstacles at the time in the path of the measure.

Election board officials in a quandary as to the course to pursue requested an opinion from the attorney general's department for their guidance; but before Attorney General George Short had briefed the case new barriers arose in the form of proceedings in district court.

To further complicate the tangle it became known today that the election board had not submitted specifications to the state board of affairs which lets contracts for election ballot printing.

W. C. McAllister, secretary of the election board, was understood to be waiting to the last possible minute in hope that the fight over the initiative proposal would be settled in time to prepare for the election.

OKLAHOMA CITY, Sept. 29.—Doubt still remained tonight, however, that the referendum would be put to a vote. An effort was being made to locate W. C. McAllister, secretary of the state election board, to learn his next step in view of the action.

It was considered probable that the secretary would seek an opinion from the attorney general before placing the issue on the ballot, although it was not known definitely what course he will pursue.

COURT FAILS TO CLEAR ELECTION IN BITTER FIGHT

Governor's Council and Campbell Russell Battle On Barriers

QUESTION DOUBTFUL

Bars Thrown Open After the Court Rules to Clear All Barriers

(By the Associated Press)

OKLAHOMA CITY, Sept. 29.—Prevented under a restraining order procured by Governor J. C. Walton from forcing on the ballot for the October 2 election the initiative measure empowering the state legislature to convene to consider the official acts of the governor, council for the proposal early tonight were waging a final fight in court for its existence.

While prospects appeared remote tonight for a settlement of the case in time to enter the referendum on the ballot there still remains the possibility that should a favorable decision be rendered by midnight election board officials would be able to make the proper arrangements for a vote on the proposal at the special election.

Indications were that the court proceedings would consume at least two hours.

Campbell's Writ Heard. The hearing is in progress before Judge O. L. Price in district court here on application of Campbell Russell, sponsor of the bill, for a writ of mandamus to compel the election board to include the measure on the ballot.

Russell filed the application late today shortly before council for Governor Walton were granted a temporary injunction in another division of the court preventing the proposal from being placed before the voters.

Hearing on the mandamus action began immediately.

While no legal opinion could be obtained on the case, observers considered it certain that if the writ of mandamus is issued this automatically will supersede the injunction which Governor Walton obtained on the ground that some of the signatures on the petition for the referendum are forgeries.

Hearing on the petition to make the injunction order permanent is set for next Monday.

Matter Left Open. Earlier in the day the state supreme court had opened the way for a vote on the initiative proposal when it denied both Russell's application for mandamus and the governor's request for a rehearing of his appeal from the ruling of the secretary of state holding the petition legal.

This section, however, did not provide specifically that the question could be submitted. It simply eliminated all legal obstacles at the time in the path of the measure.

Election board officials in a quandary as to the course to pursue requested an opinion from the attorney general's department for their guidance; but before Attorney General George Short had briefed the case new barriers arose in the form of proceedings in district court.

To further complicate the tangle it became known today that the election board had not submitted specifications to the state board of affairs which lets contracts for election ballot printing.

W. C. McAllister, secretary of the election board, was understood to be waiting to the last possible minute in hope that the fight over the initiative proposal would be settled in time to prepare for the election.

OKLAHOMA CITY, Sept. 29.—Doubt still remained tonight, however, that the referendum would be put to a vote. An effort was being made to locate W. C. McAllister, secretary of the state election board, to learn his next step in view of the action.

It was considered probable that the secretary would seek an opinion from the attorney general before placing the issue on the ballot, although it was not known definitely what course he will pursue.

MILITARY SEEKS SIX WITNESSES

Military Attaches on Lookout For Persons to Reveal Information

(By the Associated Press)

TULSA, Sept. 29.—Six persons missing from Tulsa county following their appearance before Gov. J. C. Walton's military commission to relate their experiences at the hands of masked bands are being sought by troop detachments in four counties today, Captain E. A. Wallis, personal aid to Adj. Gen. B. H. Markham, announced at military headquarters.

Captain Wallis arrived this morning from Oklahoma City. Search squads are in Wagoner, Okmulgee, Creek and Tulsa counties, he said.

Three men and three women regarded as important witnesses in scheduled court actions growing out of information filed as a result of the military investigation have disappeared from their homes since appearing before the martial board of inquiry, Captain Wallis declared.

"We have the trail of all of them and will have them in court Tuesday morning when the first case in which they are to appear is called. The witnesses have been intimidated and driven from the county by threats in an effort to break down the state's case against a number of whippersnappers in civil actions."

"They told their stories before the military commission and will appear as court witnesses when assured against further mob outbursts."

Leonard and Floyd Cook, brothers, and their wives, whose homes in the county were attacked and burned by a masked band on May 26 and Eugene Goolsby and Mrs. Myrtle Spain, whipped for alleged misconduct and forced to marry, are the missing witnesses.

R. R. Stevens, head of Governor Walton's secret service operations here, indicated today that plans were being made to provide protection for all victim-witnesses whose testimony is made public by the military. All the missing persons are those whose stories before the investigators were made public, he pointed out.

Judge Discharges Yarbrough Jury in End of Deliberation

(By the Associated Press)

MACON, Ga., Sept. 29.—The jury that has been considering the case of Dr. C. A. Yarbrough, charged with rioting, was discharged by Judge Will Gumm in city court at 1:10 o'clock this afternoon. It had had the case since 4:29 o'clock Wednesday afternoon.

Members of the jury after being discharged said the final ballot stood at 9-3 for conviction. The first ballot was 6-6 and the second 7-5. Gradually as three or four ballots a day were taken it dwindled to 9-3 for conviction and stood at that number for the last two days.

Attorneys and others connected with the court said this was the longest period a jury in a misdemeanor case had been out in their recollection of Macon courts. The jury had the case almost 72 hours.

Cotton

Cotton receipts Saturday neared the 100 mark for the first time during the present season. Up to 5 o'clock 78 bales had been received at the county scales and a few more were still at the gins or on the street.

Weigher John Ward stated that 291 had been received during the present season.

EIGHTEEN DEAD IN STORM WAKE

Iowa and Nebraska Hard Hit Cloudburst and Tornado Wrath

OMAHA, Neb., Sept. 28.—Eighteen known dead, more than a dozen seriously injured, and property damage estimated at more than a half million dollars was the toll of a tornado and cloudburst which visited western Iowa and eastern Nebraska last night.

At Council Bluffs, Iowa, where a tornado struck shortly after nine o'clock, five persons are known to be dead, three missing, and five seriously injured and property damage estimated at more than \$250,000.

Eight mourners were drowned at Louisville, Nebraska, when the body of Mrs. Mary McCraverlay was washed into Mill Creek which became a raging torrent, having risen five feet in less than an hour following the cloudburst.

The dead at Council Bluffs are: Rred Rouppe, 35, a stock buyer of Wellsville, Mo.; Lars Keltser, 26, and her three children.

The dead at Louisville are: Robert McCravel, his brother Will, and the latter's wife and two children; Mr. and Mrs. Alfred Laird and their two children, and Mrs. J. W. Morgan, all of Louisville, and Mrs. Lou Smith of Illinois.

Dr. A. A. Ward, a physician of Marquette, Nebraska, on his way to make a professional call, was killed when, blinded by rain and hail he allowed his car to skid and turn over.

Three persons were reported missing at Council Bluffs and it is believed that they were washed into Indian creek which is out of its banks because of the heavy rains of the last few days. Fire followed the tornado and several barns, homes and warehouses were destroyed.

Persons living near Salt creek in the western part of Lincoln, Nebraska, were forced to flee to higher ground when the creek, which at this time of year is usually dry, left its banks.

Several trains out of this city for Kansas City and Chicago remained here because railroad officials feared that many of the bridges might give way under their weight.

New League Members. GENEVA, Sept. 29.—Uruguay, Brazil, Belgium, Sweden, Czechoslovakia, and Spain today were elected non-permanent members of the council of the league of nations.

MONEY BALM IS SOUGHT BY MAN

Suit Entered Against Knights Of K. K. K. and Others Over State

(By the Associated Press)

MUSKOGEE, Sept. 29.—Civil damage proceedings against Knights of the Ku Klux Klan seeking monetary redress to the extent of \$150,000 for injuries suffered in a tar and feather experience in Tulsa county, Oklahoma, in July of 1922, were instituted in the United States district court here today in behalf of S. K. Lesky of Ellsworth, Kansas.

Lesky, a former resident of Tulsa, who moved to Kansas following his abduction and mistreatment, is sole plaintiff in the action. The defendants named in the petition filed in the federal court for the eastern district of Oklahoma and entered on the court docket by Clerk W. V. McClure are as follows:

The Knights of the Ku Klux Klan, a corporation.

The Tulsa Benevolent Association, a holding corporation for Tulsa Number Three, realm of Oklahoma.

Charles B. Peters, a Tulsa oil operator.

Richard Lloyd Jones, publisher of the Tulsa Tribune.

N. C. Jewett, grand dragon of the realm of Oklahoma.

Minor Merriweather, grand titan of the realm of Oklahoma, now being sought by Oklahoma secret service operatives in California.

W. Shelly Rogers, cyclops of Tulsa Number Three.

D. C. Rose, secretary of the Tulsa Klan.

C. W. Reynolds, assistant secretary.

Bob Adkins, E. H. Consolvo, C. L. Holland, C. R. Philbrick, I. W. Montgomery and Floyd Mendenhall; named as members of the Klan and conspirators or participants in the violence against Lesky.

J. M. Springer, prominent Tulsa attorney and former member of the commission of the supreme court of Oklahoma, who signed the petition as counsel for Lesky declared the act to be the first ever filed in a federal court seeking redress from alleged Klan activities.

New Prohibition Agent Named For Southwest Area. WASHINGTON, Sept. 29.—Prohibition Commissioner Haynes today announced the appointment of J. E. Dyche, now warden of the Atlanta federal penitentiary, as prohibition agent at Kansas City, Mo., division headquarters.

Mr. Dyche recently resigned as warden at Atlanta, effective November 1, when he will assume his new duties in the Oklahoma, Kansas, Missouri and Arkansas division. It was said that Mr. Dyche was relinquishing his position as warden because of his desire to be near his home at Oklahoma City.

When Robert Browning was in his seventieth year, Oxford and Cambridge presented him with an honorary degree.

FINAL GAME OF SEASON SUNDAY

Ada Independent Club Locks Horns With Durant For Close of Season.

When the Ada Independents club takes the diamond today in their battle with the Durant nine, they perform for the last time in one of the most successful seasons viewed by Ada fans.

With the coming of the chilly days of fall, Ada fandom makes way for the demand of other sports more befitting the season and consequently baseball makes its last stand on the Ada diamond before the season is declared officially closed by manager A. O. Green.

While the state championship honors for the independent clubs over the state remains in the muddle of conflicting dope, Ada stars of the diamond have claimed their share of the victories on the local and other diamonds in the state.

The Ada team is composed of players who make their home in Ada. This feature is one of almost strict singularity over other teams with which Ada team has tangled on the diamond. The majority of teams played here and elsewhere are composed of players assembled from every part of the country and employed on a salary plan.

While the Ada club is not particularly known for its hitting qualities, individual members of the club have pounded the apple sufficiently to warrant the respect of other clubs in the state.

In the game with Durant today, Williams will probably hurl the final issue of the season and is expected to carry on his reputation as one of the best moundsmen of independent baseball in the state.

The lineup will be further strengthened by the addition of Faudree, Duncan shortstop, on the second sack and Strain of Okmulgee in centerfield.

TO START WORK ON HIGH SCHOOL GYM

Preparations are about completed for beginning the construction on the campus of the high school of a gymnasium which will serve to accommodate in part the overflow of the main building, will be used as an assembly hall, and will be the scene of athletic contests such as basketball games.

The assembly hall of the main building can hardly contain the present enrollment with a large number of students standing and some provision was necessary to provide room for gatherings of the entire student body.

As soon as the building is constructed it will be put in use as a classroom and will have at least one class for each hour of the day. This will be necessary to take care of the four hundred and more students now attending the high school.

The building will measure sixty by eighty feet and will be begun immediately. It is believed that it will be ready for use by the middle of November.

YESTERDAY'S RESULTS

American League
Boston 5-1, New York 4-0.
St. Louis 6-5, Chicago 5-6;
Detroit 3, Cleveland 6.
Washington 0, Philadelphia 2.
National League
New York 1, Brooklyn 5;
Philadelphia 4, Boston 2.
Cincinnati 11, St. Louis 1.
Chicago 5, Pittsburgh 4.
Dixie Series
New Orleans 1, Ft. Worth 3.
Western League
Tulsa 1-6, Omaha 3-1.
St. Joseph 3, Des Moines 2.
Wichita 5, Sioux City 2.
Oklahoma City 11, Denver 2.

ROAD CONDITIONS IN COUNTY NOW BETTER

That the roads of the county are getting back to normalcy after the heavy rains of more than a week ago is the information imparted by County Commissioner Charley Lacey. He announces that many of the roads of the county have been dry since the rains stopped and on the whole are in fair shape.

He states that the channel of the river is now running south of the Asher bridge. This condition is to be remedied by the State Highway Department. The plans, according to the information given to him, is to construct a temporary bridge south of the main bridge and then prepare a steel structure to catch the sand above and turn the river back to the northern side. This plan is said to have worked with the Santa Fe bridge near Purcell.

County Commissioners Stevens, Lacey and Pace returned Friday from Oklahoma City where they attended the meeting of county officials. They report an interesting and instructive trip.

Wealth Of Material Now Great Factor In Making Of Tiger Crew For Year

The hard work of the past few weeks has put the candidates for places on the East Central Tiger football team into the best of condition for the opening of the season here next Friday in the opinion of Joe Milam, who is coaching the squad of prospective varsity men.

During the period just past those who have been watching the progress made in the formation of a team have become enthusiastic over the prospects for a winning aggregation and are beginning to point out certain players as the best material available for use in bringing home the heavy end of every score.

No player has as yet won a place on the team says Milam, and the showing that will be made by each one in the practice game with the Murray Aggies next Friday will be a determining factor in making up the team that will battle for honors with bigger teams later in the season.

There is no scarcity of first team material, however. The trouble appears in the selection of eleven men who can make a better record than any other combination. With all of the candidates showing up well in their playing and with plenty of fighting spirit and team work those who do wear the orange and black will have fully earned the honors of first team competition.

Some of the candidates are showing up especially well. Among these is Charles Cuning, captain of this year's Tigers, who with his ability to punt, pass, and carry the ball is probably the most dangerous backfield man available. He also shows excellent headwork in defensive work, especially breaking up passes.

Frank Potts is showing well at fullback. He is the best punter on the team, passes well, and is a terrific plunger. Earl Johnson, probably the fastest man on the team, is somewhat lacking in experience, but

is aggressive and useful on the receiving end of passes.

Other backfield men who are showing strongly are Powers, Montgomery, O'Dell, and Fleming. Jack Kelly, last year half back, is proving so far the best pilot for the team in addition to his ability as a ground gainer.

The line is expected to prove the most powerful ever produced here. Five strong candidates are working for the wing positions, each representing aggressiveness and experience. Lee, Brents, Rayburn, Kratz and Tabytie are all strong contenders, with Kratz having perhaps a slight edge over the others.

Capps last year all state tackle, will alternate at guard on offense and tackle on defensive play. Those who will probably alternate with him are King, Shelby and Floyd.

Stegall, with his accurate passing and powerful defensive work, will probably work regularly at center. Craig can take his place or hold down a guard position with equal skill.

Henderson and Dorsey are contesting also for guard with Travis Kerr and Bugs Wallace excellent tackle prospects. Wallace is an old-timer and Kerr, in spite of his lack of weight, was one of the best tacklers on the Tiger team last year.

Milam expects that the strength of the Murray Aggies and expects a real game. Their showing against the Durant Teachers College compels respect, for they held the heavy Southeastern team to a 27-0 score.

The game Friday will be used as a test for candidates and as many as possible will be given an opportunity to show their ability when in action. The game will provide the coach with a regular lineup for the following and more important games.

Lay Forest Fire to Meteor

(By The Associated Press)

GREAT FALLS, Mont., Sept. 29.—Forest rangers of the Choteau station, near here, are investigating the report that a giant meteor, which fell in Sun River canyon, near Great Falls, on August 18, last, set fire to the timber on Pendagon mountain.

The meteor fell about 10 o'clock at night and was seen by many Great Falls citizens. It lighted up the surrounding country for about 20 minutes. The fire on Pendagon mountain was reported the next day.

The Irish terrier is a modern breed, dating back to 1870.

COOPER TO MEET STORY IN BATTLE

Ponca City Fighter Slated To Replace Ivey In Bout Here

Unavoidable incidents have made alterations in the plans for the fight program here next Wednesday night necessary, according to those in charge.

Floyd Story of Ponca City is scheduled to meet Archie Cooper, state middleweight champion, under the new arrangement.

The booking of Story had been made for a later date but advanced for the program Wednesday night when word was received here Saturday that Battling Ivey, scheduled for the main go against Cooper, had received severe injuries in a fight at Wilson and would not be in condition for the fight with Cooper here Wednesday night.

According to the message received here, Ivey defeated an opponent who outweighed him several pounds but received body blows that made a period of rest necessary.

Ivey will be matched with Cooper here at a later date, members of the Ada Athletic club, sponsors of the fight announced Saturday.

Story is rated as good and has succeeded in putting away several contenders around Ponca City.

Oklahoma Aggies Lose to Iowa In Season Opening

(By The Associated Press)

IOWA CITY, Iowa, Sept. 29.—Iowa's reorganized eleven today triumphed over the Oklahoma Aggies in the first local football game of the season 20-0.

The Hawkeye goal was in danger only once when Hasbrook, Oklahoma captain, intercepted a pass and raced to Iowa's four-yard line.

Oklahoma was unable to cope with the Hawkeye endrums in which some of the new men of the team gave exceptionally good account of themselves. The lineup included but five Iowa veterans.

Fry, quarterback, was Iowa's best ground gainer.

Fire Causes Little Damage

Little damage was done in a fire in the Choctaw Cotton Oil company laboratory Saturday morning, according to Fire Chief Somer Jones. An explosion in the laboratory was quickly brought under cover by the employees and the firement.

Ada Hi Gridsters Romp Over McAlester In First Battle Of Football Year

Playing against heavier and more experienced opponents in their first game of the season the football team of the Ada high school fought the McAlester team to a standstill Friday and came home bringing with them the heavy end of a 17-6 score.

Touchdowns by Burkhart and Deaver and a thirty-yard dropkick by Baker accounted for the total rolled up by the local team. Baker also kicked goal for one point following the two touchdowns.

The victory Friday, won on McAlester's own home field, marks the fifth consecutive win for Ada over the high school of the larger city. Five years ago a team from Ada high school, playing on the same field as the last, for the first time vanquished McAlester. Since that victory Ada teams have repeated the performance regularly, always by decision scores.

With a nucleus of only four letter men Coach C. R. Cox has been building a team composed largely of new material. The ability of the team to fight and work together was unknown until the first test Friday, and Mr. Cox reports that the players outfought and outplayed their heavier opponents throughout the game.

With the first and one of the most feared teams beaten the team approaches the remainder of the school with greater confidence and with plenty of fighting spirit. Hopes

for an all-victorious season took on a brighter appearance following the win of Friday.

Coach Cox states that the officials all residents of McAlester, gave the visiting team the best possible treatment and left nothing to be desired in their official decision during the game.

The game opened with Ada receiving and the first quarter was marked by both teams being forced to kick often. This quarter ended twenty-yard line.

With the opening of the second quarter Ada took the ball to the ten yard line and there lost it to their opponents. McAlester fumbled it and Burkhart recovered it, scoring the first touchdown of the game.

About the middle of the quarter Ada was forced to kick and the ball after striking the ground rolled toward Ada's goal. The Ada players failed to recover it and a McAlester player picked it up and took it behind the goal. McAlester failed to score the extra point.

Baker's Dropkick Helps

Later in the same quarter Baker, after failing to dropkick twice from the forty yard line, succeeded in placing the ball squarely between the goalposts from ten yards near Ada 10 and McAlester 6.

The third quarter was a repetition of the first, neither side threatening to score.

In the fourth quarter the McAlester coach rushed a number of

fresh players into the fray and Cox substituted two of his squad. Near the close of the game he substituted others of his fresh material.

Baker at quarterback played a stellar game. Sneed at right end played an excellent defensive game. Floyd and Fuqua at half back positions showed up well. Captain Willoughby at guard was the mainstay of the line and was ably assisted by Rayburn and Butler. The line bore the brunt of the attack of a much heavier team as the Ada team averages only 145 pounds to the man, with 150 pounds for the line average.

The lineup used by the Ada team was as follows:

Ends, Sneed and Burkhart; tackles, Butler and Whitwell; guards, Willoughby and Stalcup; Center, (Continued on Page Three)

From there they will go to Fairbury, Nebraska for a visit with her sisters, Mrs. R. C. Hargis and Mrs. Bill Mills before returning to their home in Tampico, Mexico.

"DRIVEN" IS AN ARTISTIC TRIUMPH FOR BOTH DIRECTOR AND PLAYERS

An artistic triumph for both players and director is "Driven," the Charles Brabin-Universal-Powel production, which will be seen at the American Theatre on Monday where it opens an engagement of two days. It is a study in primitive emotions, a story of life as it actually is lived in the mountains.

The action revolves around the sacrifices by a Spartan mountain mother of her husband and the three oldest sons in order to bring peace and happiness to the youngest child that has been born into this brutal family through some strange error of fate.

It is a picture that will appeal strongly to the theatregoers, to whom artistry and stirring drama based upon real life is a prime consideration. The climax is tremendously effective and thrilling.

Charles E. Mack (appearing thru the courtesy of David Wark Griffith) is excellent in the role of Tommy, and the same can be said of Elinor Fair as the sweetheart, Emily Fitzroy as the mother and Burr McIntosh as the brutal father. Others in the cast are George Bancroft as the brutal eldest son, Ernest Chandler and Fred Koser as the other two sons, and a Leslie Stowe as John Hardin.

Buy it—rent it—sell it—find it with a NEWS want ad.

Davis Closes Work In Sunday Services Here

Rev. F. G. Davis, pastor of the First Christian Church, will close his work here Sunday.

Rev. Davis has done an outstanding piece of work here. He has succeeded in putting the church on a firm financial basis which will provide sufficient funds for the erection of a beautiful house of worship when plans are finally completed.

Rev. Davis has always stood for the highest plane of Christian living and endeavored to lead his congregation to desire to do greater things for the church. He has done more during his ministry here than any one before him has ever been able to do. He has a strong personality and superior ability as a minister. His sermons are always on that high plane of thinking that impresses his hearers with the beauty of Christian life.

Several splendid offers have been extended to him from Texas, Iowa and Oklahoma, but as yet he has not accepted any of them.

All should make an extra effort to hear Rev. Davis discuss the subjects; "Preparation for Success."

"The Mind of Christ," Sunday at the church. This will be his last service in Ada.

Reorganized Training School Will Give Better Service to Future Teachers

The training school of the College has been reorganized in order that it may be of more service in the preparation of teachers.

The ninth grade was added at the beginning of this semester which together with the seventh and eighth grades now make up the Junior High school. This department is in charge of Mr. John Zimmerman and Miss Stella Watson. Both of these instructors spent the summer studying junior high school problems, in the graduate school of our leading university, Mr. Zimmerman at Peabody College for Teachers, and Miss Watson at Leland Stanford University.

Teachers prepared in this department will in addition to the teaching technique learned, go out with a full understanding of the junior high school problems.

Miss Corrine Moore who was recently added to the staff of supervisors will have charge of the fifth and sixth grades, assisted by Mrs. Ina Mackin, part time.

Miss Moore is a graduate of East Central and has done advance work at Peabody College for Teachers and at the University of Wisconsin. The work of the third and fourth grades will be supervised by Miss Gertrude Montgomery who is a graduate of Grayson College and has done advance work at the University of Chicago.

Miss Montgomery has been in charge of this work for several years and any teacher prepared under her direction will receive excellent training.

The supervisory work of the primary department is in charge of Miss Mattie Lyday, a graduate of Southeastern State Teachers College and an advance student at the University of Chicago and Peabody College for Teachers.

The experience Miss Lyday has gained in the years she has been connected with this department together with her experience gained in the leading school systems of the state where she has taught makes her a valuable woman in this work.

Mr. Gilman Mackin will teach manual training and athletics in the Junior High school.

Miss Thelma Roberts has charge of the domestic science work.

Mr. Oscar Parker, a graduate of East Central and a student of Oscar Geagle, is supervisor of music through all the grades.

With this additional help it will be possible to do much more work which means that many more teachers can be trained this year than in any previous year of the institution's history.

Within the last two years a close study has been made of some of the best training schools of the country by Mr. Robinson, the director of the training school, and he is endeavoring to raise the standards of this school until they can not be surpassed by any like school in the country.

Prospective Husbands Deplore Modern Wives in Advertisement Use

(By the Associated Press)
FRANKFORT, ON THE MAIN, Germany—Germans do not want their wives too modern. That is quite clear from the advertisements for wives appearing in the best German newspapers.

A German wholesaler who has a flourishing business in Portugal, wants a wife between 18 and 22 who is able to adapt herself rapidly to the different conditions of life she will find in Portugal, but who is "not too modern" in her ideas. She must not have bobbed hair, must be companionable, beautiful, good natured and "thoroughly domestic" in her tastes.

Many of the advertisements for wives are in the name of relatives of the prospective bridegroom. They frequently say that the negotiations are being conducted without the knowledge of the man in the case, and will be completed between the two families before the principals are presented to each other.

COUNTY EXHIBITORS FAIR BRING REWARD

Capt. C. W. Ballard, who has just returned from the state fair at Oklahoma City, states that in the White Wyandotte class he won first pullet, third cockerel, third hen and second pen.

In both cases Capt. Ballard says those who won over them were their customers and beat them with their own stock.

In the boys and girls clubs Agent Hill gives the following report: Honey club, Archie Solomon second; Addie Solomon third, Denton Floyd fourth, Eldred Solomon seventh, W. A. Lambert ninth, Bill High tenth.

The corn clubs as a team won third place. As individuals Archie Solomon won first, Charlie Sargent tenth.

In the small grain clubs Hansel Riddle won third on wheat and Edward Newell third on barley.

It is probable that this list is not complete. Others will be added as soon as information is available.

Egan Seriously Ill
BEACH HAVEN, N. J., Sept. 29.—Relatives of Dr. Maurice F. Egan, former minister to Denmark, were summoned to his bedside today when his physician announced that he had taken a turn for the worse. Dr. Egan has been ill at home since September 9. It was said that his condition had become alarming in the last 24 hours.

Odorless, Dry Cleaning

---no airing necessary

Our Continuous Clarification is generally considered the Greatest advance in dry cleaning methods made in the past decade. It keeps our cleaning fluid clean all the time and so immeasurably improves the quality of our work

A party or a dance but a couple of days away, and the dress that makes you look your best must be cleaned before it can be worn again. To you this may seem a hopeless dilemma, for a garment dry cleaned by ordinary methods must usually be "aired" for several days before it can be worn again.

Our customers know that we are in business to help them out of just such difficulties as this.

They know that a dress or suit cleaned by our advanced method is ready to be worn as soon as returned. It is free from the odor

which has been the cause of so much dissatisfaction with ordinary dry cleaning. It has the appearance and "feel" of a brand-new garment.

Such dry cleaning results are not to be had everywhere. Only after years of experience and the perfecting of an entirely new system of cleansing, can we guarantee them to you.

We are always ready to help when you are in a hurry. But it is far better to send your clothing here regularly so that it will always be kept in perfect condition. Shall we have our delivery car call?

BIBLE THOUGHT FOR TODAY
AN END TO WORRY:—Be careful for nothing; but in everything by prayer and supplication with thanksgiving of our requests be made known unto God. And the peace of God, which passeth all understanding, shall keep your hearts and minds through Christ Jesus.—Philippians 4:6,7.

THE WRIT OF HABEAS CORPUS.

In the days when the word of the king was the supreme law of the land it was possible for a man to be arrested and confined in prison for years without formal charges being filed or an opportunity given for a trial. The abuse of this power was one of the causes of the revolt against King John and the provision in the Magna Charta he was compelled to sign that no free man should be deprived of his liberty without due process of law. However, it was not until the reign of Charles II that the procedure was clearly outlined.

As the term itself indicates the procedure means the bringing of the body of the accused into court where a hearing is had on the sufficiency of the charge under which he is held. If the court decides there is not sufficient ground for depriving him of his liberty he is set free. The court may also free him under a bond of stipulated amount. Of course if it is held that the charges are sufficiently grave to justify it, he is returned to prison.

The United States constitution authorizes the suspension of the writ in time of invasion or rebellion. President Lincoln declared a suspension in 1861, but Chief Justice Taney ruled that this power could only be exercised with the consent of congress. This was authorized by congress in 1863.

The constitution of Oklahoma goes still farther and forbids the suspension of the writ by any power whatsoever. In Oklahoma the provision is so liberal that a prisoner may be heard on a personal letter to the court.

The purpose of the writ is to make it possible for an accused person to be given a speedy hearing. Without it, it would be possible for a man to be imprisoned indefinitely on a trumped up or frivolous charge. Under it the prosecution is forced to show its hand and the defendant knows just what he has to expect.

ELECTION TUESDAY.

The action of the supreme court in denying the governor a rehearing in the election cases means that an election may be held Tuesday on five state questions and perhaps six. As this is written Saturday afternoon the sixth question, the initiated constitutional amendment filed by Campbell Russell which would empower a majority of the members of the legislature to call a special session, regardless of the governor, is still somewhat up in the air. It is still possible that injunction proceedings will be filed and thus prevent the question from going on the ballot. Then if no action is taken the matter of ballots is to be faced. It is too late to have the ballots on this question printed by the state election board and the only chance will be to have them printed in the counties.

However, the other five questions may be voted on. They are the soldiers' bonus, levying a state tax sufficient to provide \$15 per capita for public school pupils, based on attendance, removing the last barriers to women in holding office, amending the workmen's compensation act and paying the depositors of failed state banks. With only one more day until the election is held it will take quick work on the part of the state and county election boards to get the supplies out. In case the Russell amendment is to be voted on it may be necessary to have the ballot printed in the various counties as the state board will not have time to do so.

And now Bulgaria is in the limelight with a small sized revolution by adherents of the murdered premier, Stambulski. The late premier was the leader of the peasant party which took the reins of government at the close of the war. He was overthrown in a sudden rebellion of troops headed by leaders of the old regime and Stambulski killed a few days later as he sought to flee from the country. The danger arising from a disturbance in the Balkans is always great, because of the state of unrest that always prevails in that part of the continent. The Balkan nations have long been the pawns of big nations in their game of diplomacy and most of the trouble that has beset the continent for the past century have had its origin there.

A great deal of propaganda has been broadcast trying to convey the idea to the world that the Germans are suffering great privations as a result of the war. However, a letter received by an Ada lady from her sister who has been touring that country says that sympathy for the plight of the Germans is largely misplaced. After seeing them eat five meals a day and observing their luxuriant fields and pastures in which fat cattle were grazing, she decided that the Germans are not in as bad shape as they would have the world believe.

It is announced that George Wilson is going to Kansas to stump the state for the non-partisan league. Amid the rush of events in Oklahoma George could not make himself heard and probably had to seek a more quiet locality.

CHURCH NOTES

Oak Avenue Baptist Church
Sunday school at 9:45 a. m.
Preaching by Rev. C. W. Henson, 11 a. m. and 8 p. m.
Sunbeams 3 p. m.
B. Y. P. U. 7 p. m.
Everybody cordially invited to attend all services.—Committee.

Notice to Intermediate B. Y. P. U.
Each and every member of the Intermediate B. Y. P. U. is earnestly requested to meet promptly at 2 o'clock Sunday afternoon at the First Baptist Church.—Program Committee.

Presbyterian Circle
Circle No. 2 of the Presbyterian church will meet at the home of Mrs. J. I. McCauley Monday afternoon at 4 o'clock.

Church of Christ
R. A. John of Childress, Texas, evangelist for the church of Christ will hold services at the church on East Main Sunday morning at 11 o'clock and Sunday afternoon at 8 o'clock.

First Methodist Church
Sunday school at 9:45. Prof. R. S. Newcomb Supt.
Preaching at 11 a. m. and 7:30 p. m. by the pastor.

Business.
Benediction.
This is a live bunch of young people between the ages of twelve and seventeen.
Forty young people met last Sunday, but we are putting our goal at sixty for next Sunday, everyone is invited to join us in our Christian Endeavor work.

Presbyterian C. E. Entertains
The Presbyterian Church was a scene of much merriment Friday evening when the Intermediate C. E. of that church entertained the Intermediates of the Christian church.
At the hour of seven the guests began to arrive, arrayed in the costumes of the people of other lands and other ages. Promptly at seven-thirty the stately grand march was sounded as the guests marched up and down the church, making its rafters ring with glee while the silent judges chose the best costume.
Miss Dubie Lee Dean, of the Christian Church received the prize for the best costume.
For two hours various games were played. Delicious refreshments were served to fifty young people.
As the guests departed they pronounced the evening the most delightful they had ever spent.

First Christian Church
Men's Bible Class meets at 9:30 a. m.
Bible School meets at 9:30 a. m.
Morning Worship 11:00 a. m.
Theme, "Preparation for Success."

Sunday evening services will be conducted by the young people with a short sermon by the pastor.

First Baptist Church.
Sunday School begins promptly at 9:45. We hope to have a large attendance in all departments. Our pastor is away in a meeting, but encourage him by having a full attendance. Men's Bible Class meets at the McSwain Theatre at 9:45. We usually have about 100 to 125 men present. You are earnestly invited. Mr. Lee Huber is president, and Mr. L. A. Ellison will teach the lesson. Special music by Messrs Hill and Steed.
The Blue and Gold B. Y. P. U. will have charge of the 11 o'clock service, and the Intermediate B. Y. P. U. will have charge of the evening service. Both Unions are preparing special programs for these services. Let's encourage the young people by giving them a large attendance. The boy and girl of today, are the men and women of tomorrow. Let's show them that we appreciate their services in the church. Members of the church are earnestly requested to be present.

Senior B. Y. P. U. Blue and Gold
The Blue and Gold B. Y. P. U. will have charge of the 11 o'clock service.
Subject: What the B. Y. P. U.'s and relation to the church.
Leader: Clyde Alletag.
Choirleader: Miss Murray Lucas.
Pianist: Miss Anna Lee Bolton.
Ushers: Ollie Gray, Olin White, Billie Kerr and J. N. McKee.
Song, (Congregation joining).—"Doxology."
Prayer.—Mr. McCollum.
Cong. by the Blue and Gold.
"Loyalty."
Morning Offering.
First Part: "What the B. Y. P. U. Stands for."—Clyde Alletag.
Second Part: "The Need of the B. Y. P. U."—Fay Laird.

Sixth Part: "Workers Who Went

The Evening News

BE OF SINGLE PURPOSE
(Sulphur Times)
It's a common practice to blame the world for our individual faults and failures. Nothing is more futile than to criticize circumstances. Discontent should be commended but discouragement condemned. Strong men are never satisfied with their achievements nor content with their opportunities. Great men are very eager to do greater things. The conqueror triumphs because he has learned how to concentrate. Talent is worthless when he is not. Talent must be applied to be proven. Knowledge is nothing unless used. More information is never the equivalent of action. The man who picks up knowledge and has no idea what to do with it is as helpless as a man in a canoe without a paddle. Get a goal. It is the first essential in making a life good. A single purpose is the first essential of success. Who wants what he wants when he wants it and wants it bad enough to go after it and keeps after it will usually get it. Every man is given brains and a backbone with the idea that he will use both. You develop your muscle by contracting it in the application of its power. You develop your mind by concentrating it on the mastery of a single subject. You cannot spell and multiply in the same breath. Concentration as concentration is a cultivated quality. Some of our greatest inventions have been born in the distracting din of machine shops, but where all other activities were lost to the mind and hand that were fixed on the pursuit of a single thing. The determined mind defies hindrance as a trained racer will hurdle handicaps. Resistance is essential to development. You do not sharpen your chisel by drawing it across velvet. The keen edge comes only when ground against the flinty stone. The soft soul never tackled the hard job. History has been molded and made by men who had an idea and were willing to endure whatever in Answer to Prayer.—Lucile Smith.
Seventh Part: "Taylor's Last Years."—Lucile Webster.
Conclusion: "How We Appreciate Your Presence."—Hubert Laird.
Closing song, (congregation joining) "Shall We Gather at the River."

TEXAS CAVALRYMEN PLAY GOLF WITH AIRPLANES
EL PASO, Texas, Sept. 29.—Aviators of the Twelfth Observation Squadron of the First Cavalry Division at Fort Bliss claim to have invented a new game—airplane golf. The game is played with half the members of each contesting team on the golf course, and the other half in airplanes. Golf balls are dropped from the airplanes as near as possible to the holes on the ground below, and their respective partners "hole" them out. Skill in the game is in the art of dropping the ball from the plane, in the pilot guiding the ship, and in the observer, or player, with the ball "driving" it as close to the hole as possible. After the ball is "driven" from the plane, the game becomes regular golf.

Because the street named 'Bauche' in Paris is too much like 'Boche', inhabitants along the thoroughfare have presented a petition to the city government to have the name changed.

Attention Music Lovers

You can now have your old PIANO all worked over inside and outside, refinished and made into a fine PLAYER (equal to the highest priced ones) for \$175 up, either cash or payments, right here in ADA. Be sure and see and hear the one I am exhibiting at PURITAN KITCHEN, 206 E. Main St., at which place I will demonstrate same each evening from 7 to 8 and gladly take your orders for PIANO TUNING, etc. "BISHOP-BUILT" Players are different and after you hear this one, quite likely you will want one so please get your order in soon if you want one this fall.

Ruth Grabs At Chance To Claims Swat Honors Of American League

(By the Associated Press)

CHICAGO, Sept. 29.—Babe Ruth, proclaimed the most valuable player in the American League for 1923, today faces a fighting chance of adding the American league batting championship to his laurels, with the close of the season less than a week away.

The New York star must overcome a ten point lead held by Harry Heilmann of Detroit, to accomplish his. Ruth managed to connect with only four hits in his last four games, giving him an average of .385, while Heilmann is pounding away at a .395 clip. Babe, however, is secure in home run honors with a total of 37, and is so far in front as a scorer there is no possible chance of being overtaken. He has counted 137 times. The averages include games of Wednesday.

Eddie Collins of the White Sox continues to show his heels to the base stealers with forty-four. Roger Peckinpaugh of Washington and Merry McClellan of the White Sox however have overtaken Collins in the sacrifice hit department and are tied for the lead with thirty-seven each. Collins has 36 sacrifices. Other leading batters for ninety or more games.

Speaker, Cleveland, 375; J. Sewell, Cleveland, 360; Williams, St. Louis, 355; E. Collins, Chicago, 353; Jamieson, Cleveland, 344; Cobb, Detroit, 343; Manush, Detroit, 335; J. Harris, Boston, 332.

Rogers Hornsby of St. Louis seems likely to retain the 1923 batting championship of the National league. He is batting .384, which gives him a ten point margin over Zack Wheat of the Dodgers. Jimmy Bottomley, Hornsby's teammate is tagging close on the heels of the leaders, with an average of .367 for third place.

Max Carey of Pittsburgh is blazing the paths with 46 stolen bases. George Grantham, the Chicago speedster, is trailing with 41. Cy Williams, the veteran Philadelphia outfielder, suffered a slump in his hitting, having dropped from .305 to .295 in a week. He failed to increase his home run record of 37 circuit drives, but has a safe lead to finish the season.

Young of New York and Carey of Pittsburgh are having a close race for run scoring honors, Young leading with 121 tallies, while Carey is three behind. Others leading batters for 90 or more games:

Fournier, Brooklyn, 354; Roush, Cincinnati, 351; Fresh, New York, 347; Grimm, Pittsburgh, 342; Young, New York, 340; Barnhart, Pittsburgh, 340; Traynor, Pittsburgh, 338; Hargrave, Cincinnati, 335.

Outfielder Lamar of the Toledo club is all set to grab the batting honors of the American Association. He is pounding at the door with an average of .333, while Manager Terry of the Mudhens is running second with .377. Carl East of Minneapolis and Combs of Louisville are tied for third with .375.

Brief of Kansas City has broken the tie shared with East in the number of home runs, the Kansas City slugger having smashed out his 29th four bagger. East has twenty-eight. Incidentally, Brief has reached the century and a half mark in runs scored.

Cooney of Milwaukee failed to increase his stolen base record of 45, but still is four in front of Eddie Murphy of Columbus. Other leading batters:

Brief, Kansas City, 360; Brown, Indianapolis, 358; Branon, Kansas City, 357; Griffin, Milwaukee, 355; E. Murphy, Columbus, 354; Good, Kansas City, 350; J. Smith, Toledo, 349.

Huhn of Mobile was the leading hitter in the Southern Association, according to the final unofficial figures. The Mobile star finished the season with a mark of .344. Williams, a teammate, was runner-up with .342 and Cuyler of Nashville third with .340. Herman of Memphis with .339 was fourth.

Louis, 355; E. Collins, Chicago, 353; Jamieson, Cleveland, 344; Cobb, Detroit, 343; Manush, Detroit, 335; J. Harris, Boston, 332.

Rogers Hornsby of St. Louis seems likely to retain the 1923 batting championship of the National league. He is batting .384, which gives him a ten point margin over Zack Wheat of the Dodgers.

Jimmy Bottomley, Hornsby's teammate is tagging close on the heels of the leaders, with an average of .367 for third place.

Huhn of Mobile was the leading hitter in the Southern Association, according to the final unofficial figures. The Mobile star finished the season with a mark of .344. Williams, a teammate, was runner-up with .342 and Cuyler of Nashville third with .340. Herman of Memphis with .339 was fourth.

while Bernsen and Lebourveau of Nashville who suffered a broken leg early in the season and was unable to return, had a mark of .378 for 46 games, while Barber of Atlanta and R. Moore of Birmingham, who were in 60 and 62 games each, had averages of .360 and .347 respectively.

Cuyler was the leading base stealer with 68 thefts, while Clark of Birmingham and Atlanta was the home run king of the circuit with 20 four-baggers. Williams of Mobile was to best run-getter having registered 128 times.

Other leading batters: Cuyler, Mobile, .339; D. Williams, Mobile, .328; S. Clarke, Birmingham, .325.

Waner Issues Call for Auxiliary to Chamber Commerce

Secretary Waner has issued a call to the ladies of the city to meet at his office Thursday morning at 10 o'clock for the purpose of organizing an auxiliary to the Chamber of Commerce. It is thought that the office will have been moved to the convention hall by that time.

There is a great deal of work which the ladies may do, according to Mr. Waner, and it will be for them to decide how much they will undertake. Much of this work will be on committee assignments, looking after the civic improvements, etc. No fee will be assessed against the members, their work and co-operation being all that is wanted.

Four Killed When Train Crashes Into Auto At Crossing

ERIE, Penn., Sept. 29.—Four persons were killed and another probably fatally injured at noon today when an automobile was struck by a Nickel Plate train at Forsythe Crossing, New York.

The dead are: VIRGINIA GARDNER, 14. Mrs. J. F. BAUMAN, 42, both of Erie, Pennsylvania.

Mr. and Mrs. W. J. SERRY of Philadelphia, Pennsylvania, will Edward Boltz, driver of the car, is in a local hospital and is not expected to recover.

Boltz drove the automobile in front of a west-bound passenger train, his view being obscured by a string of freight cars on an adjoining track.

COUNTY OFFICERS KEPT BUSY WITH ARRESTS

The activities of county officers Saturday were summed up in the arrest of Arthur Salter and Homer and Grover Nobles of Frances on a charge of malicious mischief. Salter made bond of \$200 while the Noble brothers were held in jail on their failure to make bond. Their preliminary trial is set for October 12.

Three boys were also arrested for throwing bricks into a movie house.

FIREMEN STRUGGLE TO CHECK OIL TANK FIRE

(By the Associated Press)

BLACKWELL, Sept. 29.—Lightning struck a 6000 barrel gasoline storage tank at the Producers Refinery during an electrical storm early today, unroofing the tank and setting fire to the gasoline. Pumps have been set to work pumping gasoline from the bottom of the tank in an effort to extinguish the blaze.

City firemen, aided by the refinery fire fighters, have been fighting back the flames for four hours at noon today in effort to prevent the spread of the fire to adjoining storage tanks while the work of pumping gasoline from the bottom of the tank has been making slow progress. Firemen were aided in their work by occasional heavy showers which followed the electric storm.

Tank number 25, the one on fire is situated in a group of storage tanks of similar size and most of them are filled with gasoline or crude oil. No definite estimate of the loss can be obtained until the blaze is extinguished although it is believed that approximately half the gasoline will have been pumped out. Danger of further spread of the flames was believed over at noon.

Many Enjoy Week-End at Horseshoe Ranch; Thank Norris

Six boy scouts of Lawrence under the guide of their scoutmaster, W. E. Carr, spent the time between Friday afternoon and Saturday morning at the Horseshoe Ranch, owned by P. A. Norris of this city. Other visitors at the same time were Mr. Miller and some Ada scouts.

While there the scouts made the most of their outing having a most enjoyable time and making some progress in their scout work.

The scouts wish to thank Mr. Norris for his hospitality to the visiting scouts.

EARTHQUAKE REPORTED BY SEISMOGRAPH AT CLEVELAND

(By the Associated Press)

CLEVELAND, Sept. 29.—An earthquake described by Reverend Frederick L. Odenbach, Sr., as "pretty severe" was recorded on the seismograph of the John Carroll University here tonight. Father Odenbach said the first record came at 8:31 and the maximum was reached at 8:45. At ten o'clock the tremor was still being noted on the tape. Father Odenbach estimated the occurrence at five to six thousand miles from here, probably in a southerly direction.

Negro Trusty At Prison Accused Of Woman Assault

(By the Associated Press)

HICKORY, N. C., Sept. 29.—John C. Groll, negro state convict trustee, was apprehended here late today on a charge of attacking an aged white woman near Spruce Pine last Wednesday and left in custody of officers for Raleigh tonight. It was the attack on the woman which precipitated the situation at Spruce Pine resulting in state troops being sent there.

According to the police, the negro denied attempting to attack the woman but was said to have admitted that he lured her from her home in order to steal a pair of shoes.

Daylight Saving Ends Tomorrow

NEW YORK, Sept. 29.—More than 350 cities and towns in New York and several Eastern states that on April 29 set their clocks forward one hour to save daylight during the summer will return to standard time at 2 a. m. tomorrow.

New York and New Jersey were the principal states in the Eastern time zones in which, under local ordinances, the daylight saving scheme was put into effect. The action affected all large cities and commuting vicinities.

Massachusetts has a daylight saving statute, while about 50 cities in other New England states observed the change in the clock either by local ordinance or common consent.

Alaska Reports New Mines

SEATTLE, Wash., Sept. 29.—Mining activities in the Portland Canal and Region of British Columbia and southeastern Alaska have been great during the past summer than ever before in the history of the district, according to advices from various sources reaching Seattle. A dispatch from Hyder, Alaska, center of the area, says new and important discoveries had been made during the season, more prospectors are in the field than ever before, and development work is being carried on extensively.

Especially important finds were made in the Texas Creek and Chikamen Valley sections, both in American territory, where silver-lead ore running more than \$100 to the ton in silver content was said to have been uncovered.

TRANSFER SERVICE NOW OFFERED ON KATY LINE

The Katy railroad now offers complete service over the line thru this city by means of transfer service across the Canadian river. This was made necessary when the recent heavy rains caused the river to carry away a large part of the bridge.

Word of repairing the bridge and putting it into condition for use has been going on rapidly and it is believed that normal service will be established within a few days.

13th. Division 3 meets with Mrs. A.
H. Roberts 801 East 9th street. All
meetings will be at three o'clock
sharp.

PI KAPPA SIGMA HOLDS PLEDGE SERVICE

Pi Kappa Sigma sorority held
pledge service at 7 o'clock Thurs-
day evening at the home of Miss
Oleta Montgomery. Those who wear
the Pi Kappa Sigma pledge pin are:
Misses Sara Jo Tunnell, Frances
Tunnell, Tott McKendree, Ruth Bol-
len, Katherine Wilenzick, Clyde
Kitchens, Sue Washington, Virginia
Abney, Dotti La Mar, Lois Burton,
Veda Reed and Carrie Roach Ran-
dals. Bids were issued Friday, Sept.
14th, 1923, and colors were worn
thirteen days by the pledges, their
teen being symbolic of Pi Kappa
Sigma.

PI KAPPA SIGMAS CAMP OUT.

On Friday afternoon Pi Kappa
Sigma active members and pledges
went to the scout lodge at the lake
for a night's camping out. The
pledges made themselves "useful as
well as ornamental" from start to
finish. Who built the fires? The
pledges! Who carried water up the
precipice. The pledges! Who cook-
ed supper and breakfast? The
pledges!

As the evening wore on sleep be-
came farther away than ever be-
fore—the owls would sooner have
slept than Pi Kap's. In the dead of
night the real entertainment start-
ed. The pledges entertained the old
members with original stunts. The
"Ford" and "nigger prayer meet-
ing" were the real events of the
evening.

The moon went down and the
sun came up and breakfast was
served—by the pledges.

The chaperons for the trip were:
Pi Kappa Sigma faculty members:
Misses Stella Watson and Mattie
Lyday.

Those present were Misses Mattie
Lyday, Stella Watson, Eileen King,
Gabelle Johnson, Ruby West, Mar-
tha Oliphant, Grace McKeel, Ger-
aldine Hale, Dolly Gay Annie Mae
Moore, Lucile Gregory, Edith Chap-
man, Mary Bell Harvey and Oleta
Montgomery. Pledges were: Misses
Sue Washington, Virginia Abney,
Dotti La Mar, Ruth Bollen, Kathryn
Wilenzick, Sara Jo Tunnell, Frances
Tunnell, Tot McKendree, Lois Bur-
ton and Clyde Kitchens.

MAIN STREET

BY
V. L. E.

King Solomon tried to answer it—
Henry Eighth pondered over it—
Brigham Young could not solve it—
That question—"What's wrong
with the women?"

In trying to please a girl—never
get her what she needs but what
she thinks she wants.

A farmer in this county is claim-
ing that Banker McCauley is taking
lots of interest in his work.

Scientists would have you believe
that every kiss brings you nearer
the grave but no flapper would not
admit that it is a pleasant journey.

"The reckless driver must go" of-
ficials say but the pedestrian asks
that they not go so fast.

The country is certainly gettin'
tame. About the only way a fel-
low can raise cane these days is
by carrying his walking stick.

A new broom and a new bride
sweeps clean.

When scientists discover a new
thing. Their next test is to name
it something nobody can pronounce.

Now that another was in prog-
ress, we may prepare to hear those
nice parlor stories about cooties.

A cheerful chump sometimes get
farther along than a grouchy gen-
ius.

To show you that the car owners
have a regard for the pedestrians,
they carry signs on their cars,
"Dodge Brothers."

Little grains of powder, little sol-
diers of the guard may not make
an empire, but get the governor
fired.

ment finds him—H. F. Felix.

To What Extent Should Extra Acti-
vities be provided:

(a) In High School—Principal W.
A. Hill.

(b) In Ward schools—Principal
E. E. Emerson.

Round Table:

(a) Provision for supplementary
English in Eighth Grade.

(b) Possibilities of short courses
in Eighth Grade.

(c) Administrative problems.

Announcement

The Missionary Society of the
Methodist church will hold a reg-
ular business meeting in the church
parlors Monday afternoon at 3
o'clock. A full attendance is re-
quested.

"THE CHEAT" BIG PHOTOPLAY WITH HAPPY ENDING

A picture with a happy ending
for Poli Negri! That is something
which the admirers of this celebra-
ted screen star will see in "The
Cheat," her latest Paramount pic-
ture, produced by George Fitzmaurice,
which will be on view at the
McSwain theatre for two days com-
mencing next Monday. The story,
written by Hector Turnbull, is said
to provide Miss Negri with one of
the most delightful roles she has
ever essayed.

The story of "The Cheat" deals
with a wealthy girl of Latin-Amer-
ican parentage who, to avoid wed-
ding an old man, chosen by her
father, elopes with a young Amer-
ican. In Paris she is loved by an
art swindler disguised as an East
Indian Prince who follows her to
New York. The girl is disinherited
by her father and unused to poverty
she accepts the supposed Hindu's of-
fer of money with which to gamble.
At first she wins, then loses not
only her money but a charity fund
entrusted to her. Panic-stricken, she
borrows from the "prince" and prom-
ises to dine with him alone in re-
turn for the loan.

At this juncture her husband wins
a small fortune by putting over a
lumber deal, and gives her \$25,000.
She writes a check for the amount
due the Hindu and carries it to his
home. But he tells her, he doesn't
want the money—he wants her.
When she seeks to escape he drags
her to a table and brands her as a
"cheat." She takes up a revolver
and shoots him, then escapes from
the house as her husband steps into
the scene.

From this point on, the action is
rapid and races swiftly to one of
the finest climaxes ever seen on the
screen. The ending is happy. The
part of the husband is played by
Jack Holt, popular Paramount star,
while the role of the disguised Hin-
du prince is in the capable hands
of Charles de Roche, the famous
French screen star.

Police Draw Blank

The police court drew a blank
Saturday after a comparatively busy
week, Acting Mayor Charlie Deay-
er stated Saturday morning. Satur-
day was the first trades day in
some time that an arrest was not
made by the police department.

The manufacture of candy is the
sixth most important industry in
the United States.

Ada Hospitality is Highly Praised by Sulphur Veterans

Nine Confederate veterans of Mur-
ray county have returned from Ada
where they attended the annual U.
C. V. reunion last week. All were
lavish in their praise of Ada's hos-
pitality, declaring it to have been
the best ever extended them.

T. D. Bull, on of the delegation,
said everything was furnished the
visitors free, none of them being
allowed to spend a cent for any
comfort. Automobiles carried the
veterans to all points of interest
over the town and citizens of Ada
threw their homes wide open to the
Gray survivors. Bull especially prais-
ed the hospitality of the East Cen-
tral Teachers College girls who wait-
ed on the tables and showed the
Confederates every kindness possi-
ble.—Sulphur Times.

Excess in Clearance.

NEW YORK, Sept. 29.—The
actual condition of clearing house
banks and trust companies for the
week shows an excess in reserve
of \$23,150,560. This is a reserve
increase of \$29,505,420.

THE BEST STORE FOR YOU

You don't care how good a store is, if it isn't good for you; your
money ought to benefit you more than the store.
Of course, every store wants your trade; we do. And we figure that
the best way to get it is to make this a store for you. If we do that
money ought to benefit you more than the store.

Our idea in making a store that serves its customers interests first in
this:

- 1 Good quality in merchandise is necessary.
- 2 Prices as low as good quality allows; there's a big-
ger total profit in many sales at a small margin
than in a few sales at a large margin.
- 3 Good service and courtesy to all alike.

These are some of the ideas we have to
make this "The best store for you."

Six Facts Which Make "The Cheat" the Greatest
Picture in Which Pola Negri Has Ever Appeared

THERE are many reasons why "The Cheat" is the greatest and best picture in which Pola
Negri, international screen star, now appearing in American made Paramount pictures,
has ever appeared. Six of the most potent reasons are given herewith.

1—Greatest Dramatic Story

"The Cheat" is the greatest dramatic story ever written for the screen. So tremen-
dously popular has it proven that two novels, a stage play, and an opera have been
written from its gripping plot.

2—Role is Sympathetic

"The Cheat" presents Miss Negri as a modern bewitching woman of fashion and
passion, and most of the action takes place in a Long Island society resort. Her role
is a sympathetic one throughout the story. She is foolish, but not bad. YOUR
AUDIENCE WILL LOVE HER AND PULL FOR HER IN EVERY SCENE.

3—Star Adequately Supported

"The Cheat" was produced in America by an American director with the popular
American star, Jack Holt, featured in support of Miss Negri and the sensational
French player, Charles de Roche, heading the supporting cast of all-American actors
and actresses.

4—Scenes are Gripping

"The Cheat" gives to the screen the two most grippingly dramatic scenes in the history
of motion pictures: The branding scene and the courtroom confession scene. These
will positively bring every man, woman, and child in the audience right to the edge
of their seats!

5—Gowns Rich; Settings Beautiful

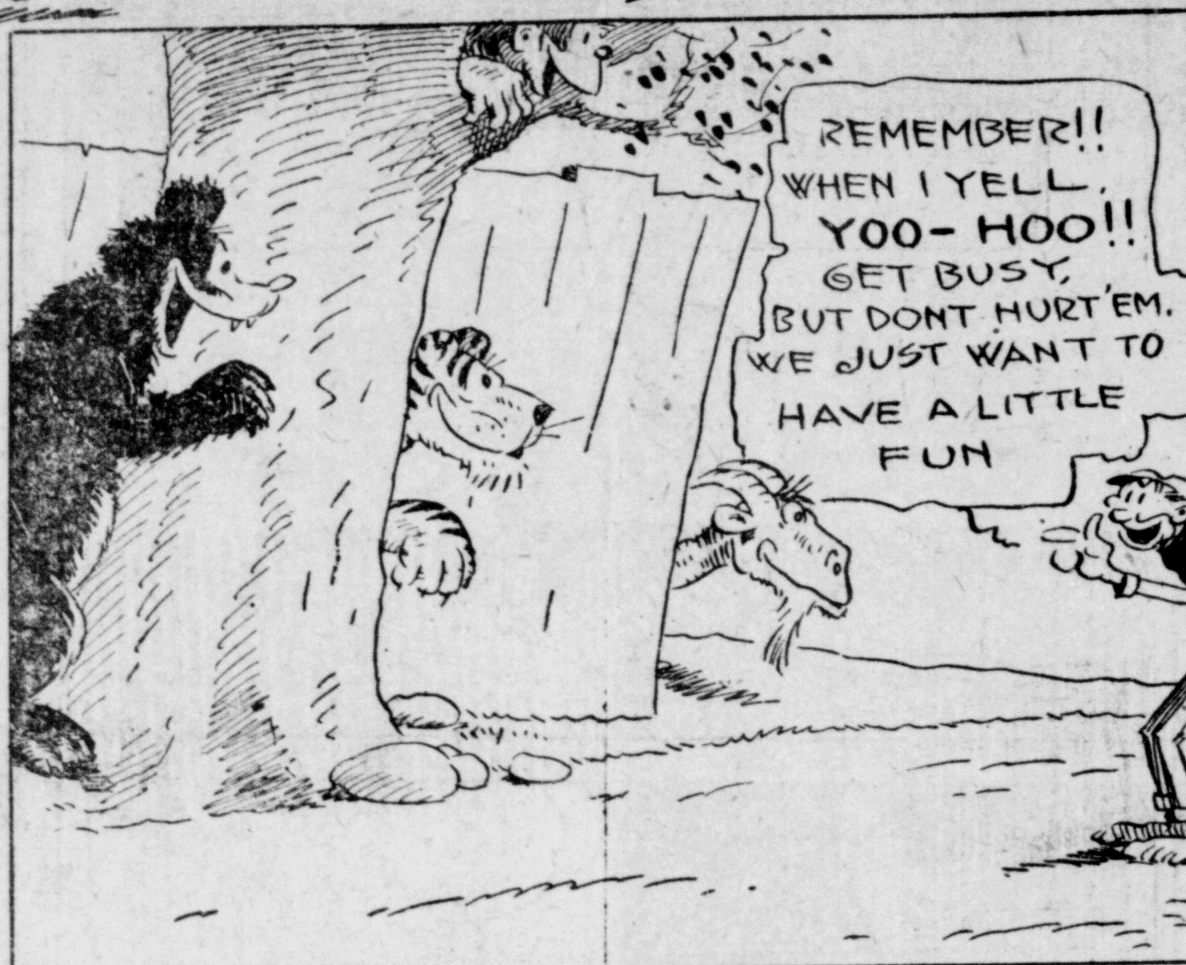

"The Cheat" gives Miss Negri the opportunity to wear the greatest array of dazzling
Paris gowns that ever delighted the eyes of the ladies in your audiences. And the set-
tings of the picture are equally beautiful and elaborate.

6—Story Has Happening Ending

"The Cheat," unlike most of Pola Negri's stellar vehicles, has a happy ending. Love
is triumphant at the finish, and the audience is delighted as the final fade-out reveals
husband and wife in joyous embrace.

THEY'RE MAKING IT ON OCEAN BOATS

NAW!

YEZZER! I WAS ON A BOAT YESTERDAY AND THEY WERE "MAKING PORT."

(By Harry Miller)

Much news this week. Be sure and read it Boy Scout for you might miss something. The scout masters meeting Sunday afternoon was well attended. All of the Ada scout masters were present except Harry Deering and Carl Spangler. At this meeting rules and conditions for the coming year were discussed and definite plans will be announced next week. Each troop should be on the watch for this and then get busy for we are sure that there is not a troop which would not like to take the trip to the Wichita mountains next summer. Frank Rush Oklahoma's greatest scout is over there and he can tell you about all of Oklahoma's natural life and history.

Good Turns

Not long ago we were in Calvin, Oklahoma. We saw an elderly lady carrying a sack of meal. It was too heavy for her. They had no scouts in Calvin but they did have a boy there under scout age who had the true scout spirit. We suggested to him that he carry her meal for her, and he did it. Watch for the exceptional good turn that you can do and never let a day pass without doing a good turn to someone.

Troop 7 is in the spot light now. Clyde Alletag has put it there. He states that there were 25 boys out to scout meeting this week and that he had six new members to register. This troop went to the scout lodge last week and took many tests. Clyde is determined to have a group of advanced scouts and we believe that he will.

Troop 10 has a new scout master in Frank Evans. He met his troops at the Glenwood school Thursday night. Fine attendance and good spirit prevailed. A new game was sprung on the boys. They enjoyed it. Troop 9 boys came over and held a joint meeting with troop 10. Frank Evans states that his troop has the finest meeting place in town and that they are going hard after that free camping trip. If Farley Smith and Raymond Duke and three other boys had been present they would have had a perfect attendance Thursday evening is the meeting time. Be on hand for you will miss something.

Troop 9 has lost their fine scout master, Mr. U. C. Dixon. Pressing business duties compelled him to give up this fine troop. This troop will meet at Mr. Miller's home this Tuesday evening and they will elect new officers for the year. Only scouts who are going to be regular and who will work can expect to be elected to any office in this troop. Hoyt Fryer, Earl Philpot and Creston Threlkeld are on the war path and say that troop 7, 10, 4, 3, and 2 had better watch out for we are going to get their goat. 7:15 is the meeting time for this troop. Be on hand. You might miss peanuts and popcorn or something else.

Troop 4 had a fine meeting last Thursday night. You couldn't help but have a fine meeting wherever Roy Meek and his fine scout officers are, for they plan things ahead of time. They get ready for their meetings and that is what makes it good. These boys say we won the free camping trip once and we know how to win another. We have the edge on Clyde Alletag's bunch and Frank Evans' too. We'll skin them all alive and leave their scalps a dangling on a tree like a butcher bird leaves a grass hopper on the barbed wire fence.

Troop 3 is waking up and will reorganize soon and push hard for the prize of the free camping trip. The Shriners of Ada look upon this bunch as theirs and A. L. Parker and Prof. Oscar Kimbrough say that though Prof. A. D. Bolton can help get his school scouts elected to high city offices yet he can't pull troop 7 high enough to get the free trip. Prof. D. T. Bradshaw and his troop met on the high school lawn Wednesday evening and vow that troop one will be a winner again just as it was in the balmy days of Dick Simpson, Jr., Glen Spencer, Jimmie McCoy and the Page and Reach boys. Go to it scouts ready to help whole bunch of scouts and let's see you do it.

Friday

Troop 2 had 26 boys out to meeting last night. All of these boys are very anxious to go to Horseshoe ranch next week. Get up some tests this week. A certain boy scout, of one of our troops went into a store the other day and bought a pair of stockings. Mr. J. A. Biles the salesman gave him too much change. The boy had already told Mr. Biles that he was a scout and Mr. Biles told him how much everybody expected of the scout boys and so when the lad found out he had been given too much change he returned it to Mr. Biles. There are scores of Ada boys who would do that and we are mighty proud of this boy and of the many others who live up to the scout law. "A scout is trustworthy."

50 big juicy "T" bone steaks barbecued by Mr. Bill Coffman over the big barbecue pit on Horseshoe ranch, about one-half bushel of potatoes fried and 10 cans of corn, 250 hot biscuits with butter, two gallons of cold slaw, many pickles, several jars of peaches, constituted the feast on this Friday over night hike to this place already made famous by many big barbecues and social events, for the 42 scouts and the eight men who

Fashion Issues Decree For Wide Flaring Dress Painted Faces In Demand

(By the Associated Press)

LONDON.—Smartly dressed women of the future must wear "flare" skirts, modified leg-of-mutton sleeves, well-defined waist-lines and must make up in "doll" fashion, according to London fashion experts. The "doll" make-up consists of a dash of red high on each cheekbone, and another dash in the middle of the forehead. This gives the fair wearer the appearance of a Dutch doll.

Skirts of the coming season, the London fashion judges have decreed, shall be so made that when the wearer walks the skirt will fill out like a balloon, but when she stands in repose her draperies will enfold her as in a sheaf. The ultra-long skirts, so much in vogue during the last season, will be abandoned. The new circular, "flare" skirts are shorter than those of last year.

With the return of the flare in the dress, the waist line, so long ignored by fashion, reasserts itself and the effect produced by skirt draperies that flare is further accentuated by the tendency of the upper part of the dress, the blouse or corsage, to pouch slightly over the waist.

The leg-of-mutton sleeve, an old style in which the upper part is large and the wrist close fitting, has been brought back by some London dressmakers, and another effort to popularize the high collar is being made.

Olive green will be the predomi-

nant color this winter, say the fashion mentors, with an autumnal shade of brown as second favorite. Some dressmakers incline to soft Persian reds and vivid hues. Extraordinary embroideries, landscape, zoological and carpet, according to choice, will, however, lighten up the browns and other more or less neutral colorings. An ornamental pond with swans and water-lilies and a background of rushes and trees, all worked in natural colorings, is not considered too flamboyant a decoration for some gowns.

Among the hats, big picture shapes, close-fitting toques, little Breton and tam-o-shanter shapes are made of moire, satin, panne, the coming season. All hats will be worn well down on the head. The fashionable colors will be brown, chestnut and havana. Only trimmings are bright.

The new autumn and winter hats are made of moire, satin, panne velvet, crepe satin and felt. They may be trimmed with ribbon, feathers, ostrich tips, long ostrich plumes, or cocks' feathers that sweep the neck.

There will be much black millinery, brightened by trimmings of silver, gold and gay colors, but the trimming will not be overdone. Neatness is a foremost quality of modern millinery, but it may develop into hardness, and then a veil or scarf of tulle, velvet or soft satin is a desirable corrective. Hats will not be light.

WHAT THEY SAY

To Our Comrades at the Home.

The delegation from our Home to the Annual Reunion of Confederate Veterans at Ada, Oklahoma, Sept. 19-20-21, 1923 consisted of veterans and ladies, twenty-eight, led by our jolly-souled superintendent, Rev. G. W. Lewis, who looked after our comfort and created lots of fun for us going and coming. We were joined by six other comrades in Ardmore and the clever and accommodating Frisco officials placed a special coach for our convenience for the round trip, for which they have our sincere thanks.

Our train pulled out for Ada at 9:10 a. m. We had on board a brigadier general who carried a bundle of Sacred Harps of old fashioned four notes, and old boyhood day songs and leading he soon had the "boys and girls" young again who "made the welkin ring! Paw, sol! law! But the fun reached the top when a violin was tuned up and the fiddler began, "Natches Under the Hill," Jim Crack Corn" an old veteran got young and gave us a few "hoe-downs," and the "double shuffle," and finished with some nice modern steps that would have looked well in a theatre. The climax was reached when he danced to, "I had a piece of pie—I had a piece of puddin'," and "I gave it all away to Aunt Sally Gooden."

We reached Ada at 12:30 p. m. in a terribly heavy rain storm, but a long line of autos was waiting for us at the depot. Committeees and gallant Boy Scouts soon had us cars and landed us at the spacious Convention hall, still in a heavy down-pour of rain. But here was a crowd of eager accommodating Boy Scouts who dashed into water and soon had us inside the hall. After happy greetings we were conducted to the long tables in the basement. Here polite young men and beautiful young ladies were quick in supplying us a sumptuous meal of a large variety of well cooked, savory food. We could easily see from the happy spirit manifested in our welcome that a joyous time was before us.

Geographers are still hunting for the precise spot where Noah's Ark

subject in a scholarly, masterful manner. His gesture seemed so natural on this overnight hike to this place. Only one boy was disappointed and that was Farley Smith of troop 10. Farley forgot himself and ate four green apples and then boxed four rounds with Dale Burt and the result was a severe case of cramps, which prevented his eating any supper, but John the fine courteous cook, fixed Farley up with some medicine and he was ready for a good hearty breakfast. The scouts gave 15 "rahs" for Mr. and Mrs. Norris, Mr. Bill Coffman, Rollow Hardware Co, Mr. Jordan and the other men in camp who helped to make this trip such an enjoyable success. The Ada scouts feel greatly indebted to all these good and generous people for this rare treat.

The following scouts who went on this trip were excused at 2:30 on account of averaging a grade of 90 in scholarship and conduct.

W. A. Lewis, Dale Burt, Bill Barringer and L. Clements of Irving school; Sorrell Perry, Ralph Holman, Gerald West, Edwin Gatlin, Buster Hough, Homer Willhite, Farley Smith, Randall Wells, Herbert Williams of Glenwood. Other scouts in other trips should bear in mind the fact that they will be excused at 2:30 Friday if they have an average grade in scholarship and conduct so that they can get an early start to Horse shoe ranch.

Scouts Wyman Gatlin, Earl Yates De Laphet Gibson, Jack Dixon and Elliot Maynard delivered many posters advertising the coming school election. That is a fine good turn boys.

shall have to pass over the meeting of the United Daughters and of the United Sons in which they took new resolves and started out with new animation. There were many elegant receptions and private and special entertainments, a grand ball, in fact, Ada gave us a grand time the whole of the three days of the reunion. It may be equalled, but never can be surpassed. We all join in high praise and deep appreciation of the ready and willing services of those noble Boy Scouts. They were ready everywhere, watching to serve us, Bless their dear hearts! They did not stand back. It mattered not if drenched by a heavy down-pour of rain, they dashed into the fast running waters shoe-mouth deep with alacrity and rendered much efficient aid, and they kept at it as long as needed like young heroes. A mere motion of a finger and they sprang forward to secure autos to take us to our assignments, as elsewhere in the city. Day and night, there was no let up in them. Like Caesar's motto, "They Came, they saw, they conquered." Three cheers for the Noble Boy Scouts of Ada! And there were the well disciplined young men of the East Central Teachers College Band, all dressed in white. What an inspiring spectacle! So well trained by an enthusiastic leader, whose very soul entered into the music which roused in us the glory of days long since gone by, when we stood "like a Stone Wall" against the invaders of our sunny southland. How we do thank those handsome boys for the sweet, soul-inspiring music.

And last comes the Grand Parade which was a grand success, made so by the auto owners of Ada, generously supplying more than enough cars, enabling all the old veterans and visitors to join in the long line. First came the Headquarters car, with Adjutant Sam Jones holding aloft the large beautiful banner of our Tote Brady Camp. Succeeding the many autos were a modern battery and well drilled, fine looking battalions, next the proud prancing horses with equally fine, proud and handsome riders. For space, we pass many pleasing points in the parade. Now comes the magnificent scene which swells our hearts with deep emotion and patriotic pride the City School Children in columns of fours a mile long! They were so well behaved, well, May Ada be proud of these! From the primitive grade to the High School and College, all in the joyous hopes of youth and patriotic to the core! What an awe inspiring scene! How happy it makes this war worn veteran feel to look upon these dear children who are being so well equipped with ample education to win their way in the industries, the professions and high honor in social life. They will soon be the fathers and the mothers of our great republic. Glory to our God for our brilliant children all over America. God bless them! Ada, our hats are off to you. In this sketch many nice things could be said if space would permit, as the song says: "The half has not been told."

With great respect,
JEMERSON MOORE.

Germans Strenuous on Sentencing for Traitors of War

LEIPSIG. — Germany's highest court shows little mercy for men arraigned before it for treason in the great war.

Gerhard Strej was recently given a life sentence for having betrayed his command in March, 1916. The evidence showed that he deserted, captured French artillery fire the German army and went over to against the entrenchments where the French. A short time later Strej had been serving showed that he had revealed all details of the positions to the enemy.

Strej returned to Germany in 1920, and was arrested at his home in Magdeburg and charged with high treason, which he admitted. His defence was that he was badly treated by superiors, and could not endure further military service.

DUTTON ACCEPTS UNIVERSITY JOB

Former Pastor of Oklahoma City Church Head of Department.

(By the Associated Press)

NORMAN, Sept. 28.—(Special)—Rev. Dean C. Dutton of Oklahoma City, resigned as pastor of the Wesley Methodist Episcopal church there to become community lecturer and vocational counselor of the University of Oklahoma extension department.

Dutton was recommended for appointment to the position by J. S. Buchanan, acting president of the university, and the appointment is expected to be ratified at the next meeting of the board of regents. He will also have charge of the Hearshstone University, a home service department.

The appointment has been approved by E. D. Waldorf, of Wichita Kan., bishop of the Methodist Episcopal church, so that Dutton will retain his standing in the church ministry.

Dutton was president of the Oklahoma City Ministerial Alliance, president of the Epworth League institute which is held each summer at Guthrie, and regarded as one of the leading ministers of Oklahoma City. He has built up the Wesley church from 200 to 1,200 members, the Sunday school from 175 to 800 pupils, and has introduced recreational classes, sports and musical organizations.

Dutton was educated at Upper Iowa university and Kansas City university. In addition to his various pastorates he has been a lecturer on chautauqua circuits. The

church which he left in Oklahoma City was one of the three largest Methodist Episcopal churches in the state.

NATURAL CONVULSIONS RAISE OCEAN BOTTOM

LONDON—Discovery by a cable repair ship that the bed of the ocean in the vicinity of St. Helena had risen two miles during the last 20 years has led to a belief among scientists that the whole southern Atlantic ocean bed is undergoing a vast submarine convulsion.

Some authorities have even made the statement that such changes are going on continually, and that these disturbances may occur in any locality. They believe that this is the reason for the frequent sudden appearance of islands and shoals in the southern oceans. It is also claimed that when the ocean bed is raised in one place there is a corresponding drop in some other section of the world.

The discovery of this strange phenomena was made recently when it was reported by the Eastern Cable Company that their cable between St. Helena and Cape town was broken at a spot some 800 miles north of the Cape. The cable had been laid in 1899 and had been in constant use.

On its arrival at the designated spot the cable repair ship reported to London that, in stead of the depth of the water being 2,700 fathoms, or just over three statute miles, as stated on the chart, it was only a little more than three-quarters of a mile deep.

E. F. PORTER, FORMER
STONEWALL MAN, DEAD

A wire received at Ada Saturday afternoon stated that E. F. Porter, formerly president of the First State bank of Stonewall had died suddenly at Hubbard, Texas. The funeral services and interment will be held at that place this afternoon at 4 o'clock.

BRAZIL BORDER BANDITRY AREA

Ruthless Robbers Reap Rich
Harvest from Activities
on Border.

(By the Associated Press)

RIO DE JANEIRO.—Frontier activities that bring to mind the stirring times of Daniel Boone are being reported in the local press from the Brazilian regions which border on Venezuela and the Guianas. According to these stories, and to reports that have been made from the trouble zones to the government, contraband runners, clandestine gold miners and various kinds of desperadoes have been crossing the frontiers into Brazil in increasing numbers and have been leaving trails of blood and ruin.

The vast regions of the Amazon valley, which are but sparsely inhabited, contain many forms of wealth that are within the reach of ruthless outlaws who act in small groups, as well as in big and powerful organizations. It is reported that fortunes in gold and precious stones have been panned from the gravels of the northern streams of Brazil by outlaw miners; that rosewood, mahogany, ebony and other precious woods have been stolen from Brazilian forests, that cattle have been run off the poorly protected ranches, and the crops of outlying settlement farms boldly pilfered by raiders. The reports add that these outlaw activities have resulted in many bloody clashes between local inhabitants and bands of frontier runners.

The fact that boundary lines run through trackless wilderness makes it almost impossible to establish effective police protection. The few military posts of the Brazilian government and her neighbors are lost in the vastness of the zones they are supposed to patrol.

The outlaws are escaped convicts from the penal colony in French Guiana, negroes from Barbados, Martinique and Trinidad, ruff-raff from English and Dutch Guiana, and adventurers from Venezuela. French, English, Dutch, Spanish, Portuguese and Indian dialects are mixed into a general regional language. The size of the outlaw organizations is governed by the kind of outlawry in which they are engaged. The gold mining and smuggling gangs, for instance, are said to be large and powerful, with headquarters in coast towns.

As a means of taming the frontier zones, the Brazilian Ministry of Agriculture, Commerce and Industry is planning to fill up a considerable strip of land along the boundary lines with Indian reservations and agricultural colonies. The Brazilian Indians are hardy and warlike, and it is believed that they would soon rid those regions of foreign invaders if they were given property to defend.

Both the Indian Service and the Interior Settlement Departments of the Ministry of Agriculture are engaged in the enactment of these pacification plans.

FARMER COURSES OFFERED AT A.M.

Aggie Short Course Plan of
Agriculture Department
to Aid Farmers.

STILLWATER, Okla., Sept. 28.—(Special)—Practical agricultural short courses for busy farmers who can take only a few weeks in mid-winter from their farm work are to be announced shortly in a special bulletin by Stillwater, the A. and M. college of Oklahoma.

The courses are to be offered in two general divisions, according to Prof. A. C. Baer, who is preparing the bulletin. One division will provide three terms of four weeks each, to make up a twelve-week course. The second division will offer two-week courses in six sections. The courses will be offered between November 26 and February 29.

In the first division both first-year and second-year studies are to be offered, the latter to provide a course for those farmers who took the first-year work last winter. It is urged in the bulletin that farmers who are able to do so enroll for all three terms of the first division, giving the complete twelve-week course. No preparation or examination is required for entrance, it is announced. The course is to be given without any charges. Students who complete the two years work of a total of six terms are to be given diplomas of agriculture.

The two-week courses are offered particularly to farmers receiving bankers' scholarships, as well as to other farmers. Each course is adapted to a particular section of the state, the arrangement of studies following farm crops and activities of the different sections.

The sections and the times at which the courses for those sections are to be given follow: north central, Nov. 26 to Dec. 8; central, Dec. 10 to Dec. 22; northwestern, Jan. 3 to Jan. 17; southwestern, Jan. 18 to Jan. 31; northeastern, Feb. 1 to Feb. 14; southeastern, Feb. 15 to Feb. 29.

SUGGESTS TESTS FOR AUTOMOBILE DRIVERS

(By the Associated Press)

DETROIT, Sept. 28.—A locomotive engineer must spend years as an engine wiper and fireman before he is permitted to drive an engine over a private right of way, but any person may drive an automobile down a public street used by millions of people with no experience whatever.

This comparison was used by William P. Rutledge, chief of Detroit police and president of the International Association of Chiefs of Police, as the explanation of his edict calling for rigid examinations of all applicants for motor car drivers' licenses, which are required under a state law. Enforcement of this law was urged in a resolution adopted at the recent convention of the International Association in Buffalo.

It is time for the police departments of the country to take the initiative in such matters, without waiting to be prodded into activity by civic societies," Mr. Rutledge said.

Carrying out the spirit of the resolution, the Detroit police department is requiring each applicant for a driver's license to demonstrate that he is physically fit to drive a car; that he can read and understand traffic signals, and that he understands thorough all traffic ordinances. As a result of these examinations the police have found that only about a third of the applicants for licenses meet the requirements of a safe and sane driver.

It has been found necessary, Mr. Rutledge said, to establish police schools where prospective drivers of motor vehicles may learn how to handle a car. Classes are held two days a week, morning, afternoon and evening, and two lessons complete the course, after which the "students" may re-apply for licenses.

STILLWATER OUT FOR ALUMNI DAY

Creighton-Aggie Game Slated
to Entertain Farmers
on Home-Coming.

STILLWATER, Okla., Sept. 28.—(Special)—Stillwater, the A. and M. college of Oklahoma will hold open house for all friends of the institution, alumni and former students, Saturday, November 24, the date of the annual home-coming, announced today by the alumni corporation after conferences with the athletic department of the college.

The date is that of one of the stiffest football games to be played at Stillwater this year, when the Aggie warriors clash with the Creighton university team from Omaha, Neb.

Creighton is generally classed with Missouri Valley and Western conference eleven's, each year playing such teams as Nebraska, Kansas, Wisconsin, Michigan Aggies, North Dakota and Iowa. Although in the territory of the Missouri Valley, Creighton is not a member of the conference.

Entertainment other than the game will be provided for the A. and M. alumni, officials of the alumni corporation have announced. A banquet and "get-together" will be features. Fraternity reunions and ceremonials will be held.

A. and M. home-coming day will be observed not only at Stillwater, but also at various places in Oklahoma and over the United States. Alumni and ex-students who are unable to make the "trek" to Stillwater will gather wherever they can form groups. Plans are under way for many meetings of this sort it is indicated in letters to alumni officials asking the home-coming date.

The absentee observers of the annual event will receive returns of the Creighton-Aggie scrap by telegraph, telephone and radio.

R. O. T. C. Enrolment at O. U. Closed; Lack Facilities

NORMAN, Sept. 28.—(Special)—All previous enrolment records of the University of Oklahoma Reserve Officers' Training corps were broken when the high mark of 7924 was reached Monday, according to Captain William A. Wapenstein, assistant professor of military science and tactics. The number is expected to amount to 10500 in the next two weeks, Captain Wapenstein said, adding that more would sign up as soon as program conflicts could be straightened out. Last year there were 859 men in the unit.

Ninety seven have enrolled in the advanced courses. Captain Wapenstein is confident that more than 100 men will enter advanced work. Thirty-six juniors have signed up for infantry and 9 for artillery, 17 seniors for infantry and 13 for artillery. This is an increase of 37 over last year's figures, or 3 percent.

Aldershot, England, has a great statue of the Duke of Oellington on horseback. This spring, a pair of purple grackles built a nest among the plumes of his cocked hat and starlings made their nest in the palm of his left hand, up his right sleeve and in the bronze horse's ear.

COMPARE

The Maximum of Proved Intrinsic Value VS. Many Extravagant Claims of Superiority

So many announcements of new model cars contain extravagant claims for the same superiorities that it is puzzling to the buyer to know which value is real and which is only a claim.

This year the issue has been confused by the introduction of mechanical changes, some of which have been rushed into production while still in the experimental stage—and then immediately given wide publicity.

Important considerations have been overlooked and great stress placed upon unimportant details.

But the man who intends to buy a motor car need not let this confusion or this glamour of publicity lead him to make a mistake or risk satisfaction in his purchase. The automobiles themselves are available for comparison.

See and be convinced. Riding is believing. As an aid to intelligent buying we offer the following suggestions:

Place the 1924 model Studebaker Light-Six Touring Car at \$995 alongside any car you may select as belonging in the same class. Every car looks well in the pictures—most cars make a good impression in their own show windows. The Studebaker Light-Six looks a winner alongside the best-looking competitor you can find. And it's larger, more substantial, roomier, more comfortable looking—and is more comfortable.

Compare the top. Look inside and out. The Studebaker top is sturdily built. Has four stout cross bows. Top material is same as is so satisfactorily used in the Big-Six. Notice the fit, feel the quality. The rear curtain is one-piece—has no seams—with a large rectangular window bound by an enameled moulding.

Compare the body. Studebaker has a roomy, substantial, carefully made body—all-steel even to its framework, which permits a finish in baked enamel. A depressed belt line runs around the body and through the hood and radiator, adding to its distinctive appearance.

Compare the one-piece, rain-proof windshield, with built-in cowl lamps, with the ordinary two-piece windshield with rubber strip that leaks in every rain and always obstructs the driver's vision. Notice the large cowl ventilator that is quickly operated by merely moving the regulator backward or forward.

Compare the Studebaker door trimmings and fittings with the door fittings of other cars. Notice that the door pocket flaps have weights to hold them in position. Man-sized door handles and latches, positive-action door locks that catch with a snap and stay closed. Heavy hinges properly located and proportioned. Highest grade trimming material instead of painted cardboard. Fastening nails concealed.

Compare the aluminum-bound linoleum that is neatly fitted and fastened to the floor boards of this \$995 Studebaker Light-Six with the rubber mats that cover the cheap, loosely-fitted floor boards in many other cars.

Compare the cheap robe rail (sometimes hemp rope covered with imitation leather) with the Studebaker nickel-plated rail. Compare the forty-cent footrest with the comfortable, carpet-covered footrest, supported by polished aluminum brackets, in the Studebaker.

These comparisons are of features that can be seen. There are many more down under the surface that could be mentioned, such as the machining of all surfaces of the crankshaft and connecting rods of the Light-Six motor. This is largely responsible for the practical absence of vibration in the Studebaker Light-Six. This is an exclusive Studebaker practice on cars at this price.

If competition is so far inferior in its visible parts, it is a certainty that the hidden parts which really determine the satisfaction of a car will be equally inferior.

The Studebaker chassis is as far superior to any other motor car chassis in its price field as Studebaker upholstery is to other upholstery, as the Studebaker body is to any other motor car body in its price field.

Come in and see the Light-Six. Test its performance and comfort yourself. Again—Riding is believing.
